To the family I didn't know Franklyn that well but I met him one year at his sister house looking for Bobby. He was about to leave and I was rolling up on my bike and I thought he was Donahue and I said "man don't you know me and he said no man!! was like "Wow, where is Bobby? He stated in the house so I informed Bobby and he started to laugh he said that was his other brother." God always has a bigger purpose for us than we have for our self." Love always Lynwood E.
