Mr. Briley was the first person I hired as a brand new Service Chief, and what a great choice. We were very lucky to have him on board. Although happy for him, I missed him dearly when he took a new position to be closer to home. He was a dear colleague.

Mr. Ollice and I worked together for many years at the Raleigh VA. True funny story: Somehow I always locked my keys up inside my locker and he would always be there to help me get it open. He would always say: Stella one day I'll retire and I will not be here to open this locker, so you better get to a combination lock. Laughing as I type this: I told him the day I remember you will be retired. Well, fast forward some years later he retired and I finally had to get that combination lock. He spoke often about his love for his wife, his grandchildren, his girls, and fishing. Truly kind hearted man, he will be missed. Amie, my sincere condolences, as well as thoughts and prayers for comfort and strength to you and your family. Tanisha aka Stella Smith

First and foremost, my prayers and condolences go out to the entire Briley Family. I met OB and the Briley family, in June of 1988, while being duty stationed together at Vance AFB, Oklahoma. OB was my mentor, brother, and friend and he definitely made a difference in my Air Force career and in my life. OB was a gentle giant and the patriarch of the Briley family. I know for a fact, that OB will be deeply missed by those that loved him and everyone that knew him. OB, I'm going to truly miss our telephone conversations and visits my brother.

Ollice was a kind, loving, caring family man and Veteran, whom I got to know through his daughter, my longstanding friend and coworker, Amie. We shared many laughs about and fond memories of her Dad, Mom and family. In all, his love and care for his family, and service to his fellow Veterans, always shined through. From one daddy's girl to another, Amie, I am sorry for your loss and will continue praying for all of you during this difficult time. Hold tight to the memories of your dad. He was a true patriarch who loves and will continue to watch over you. God bless you, Shirlene

Briley and I spent time together in Korea. We became good friends and ruled the basketball courts during our time there. Briley was an awesome person who loved his family. After spending time together we realized that our paths had previously crossed in Europe, again on the courts. I will continue to pray for the family that the Lord will continue to bless and keep you.

I just heard the news about Ollice's passing. He was a gentle giant and a great friend to work with. He was working with our PM&RS department at the VA when I arrived and really helped me to feel at home after moving here from Ohio. I spent a cold, misty night with him fishing on some dock at the coast. It was a miserable night but also the most fun! He was always at the center of our PM&RS holiday breakfast celebrations and always made the best pancakes. I'm not sure, it may have just been a pancake mix from Sam's club, but he put a lot of love into them! 😊 I'll always remember him fondly. He made a difference for our staff and for the Veterans we serve. He was always able to diffuse a situation if someone came in disgruntled. Some of it may have been his size, but a lot of it was his humor and heart! Sending my deepest condolences. Jim Mathues

Ollice and I worked together for many years at the VA. The staff would gather for lunch in our conference room on a regular basis to share a meal and fellowship. We frequently got Chinese food and Ollice would give me his broccoli if they forgot to leave it out of the General Tsao's he faithfully ordered. He was a great man who served his country with pride and continued to serve his fellow Veteran's at the VA. He was very proud of his children and spoke of them and his lovely wife often. I know he will be deeply missed by those who loved him. My God give you peace and comfort as you celebrate his life and grieve such a great loss. Karen (Amrine) Womer.

Thank you Karen. You accurately described Dad's dislike of broccoli in his Chinese food as he would make one of his daughters or mom take it out of plate at home too...LOL Appreciate your love and kind words
