I remember growing up in church with Noah, we would beat on wood as if we were playing drums . He would always sound better than me lol. He let me know that playing drums wasn't my gift. He were so talented when it came to beats since a child. I'm thankful for those memories! Take your rest my brother ... God bless the family.

Noah was truly a good friend with the heart of God's service for others. Many times, he would stop by our house to check on Jerry or to just spend some time talking about his most recent invention. It is hard to grasp that Noah is gone as our tears flow, but we are assured that he is walking the streets of gold and talking now with Jesus. Until we meet again in heaven our dear friend. Jacob, Tony, and I are saddened by the loss of Noah. He was more than Jacob's caregiver, he was a friend and a more like a family member to all of us. His passion for helping others will always be cherished and the love he had for his family. We here on earth lost a great man and it was an honor and a privilege to have known him and loved him.
