You will truly be missed, you've always had such a wonderful soul in spirit! Thank you for being a great grandmother to our son, not once have you ever disregarded us as if we wasn't family, you have always been there and went Above And beyond when you needed to. You have done so many jobs before leaving this world. I remember when I first met y'all and I met Voris and he was always driving and I would say who car you got and he always say my grandma! Not one time did you ever tell him no!!! Lol! I pray that you rest peacefully knowing that you're working on this earth is done! We love you, Miss Hattie! Get your rest!Knott, Dunk, & Family

We lost a special woman this week — Ma-Hattie, someone I'll always remember with a smile. She was a pistol, no doubt about it — quick with her words when she needed to be, but with a heart big enough to hold a whole family together. She could crack a joke in the middle of chaos and somehow make you laugh even when you didn't want to. She loved her grandkids fiercely and never missed a chance to brag on them — or take up for them when they were in trouble. I still remember her showing me how to make cream chicken and chicken pastry — not just teaching me how to cook it, but how to do it with love, patience, and a little bit of sass. It's a memory that stays with me every time I step into a kitchen. She was tough, funny, and full of love in her own unforgettable way. And though life moved us all in different directions, I'll always be grateful for the role she played in our lives and the love she poured into our children. Rest easy, Ma, until we meet again. You sure left your mark. With love, Shirley (Liz)
